

AlphabetNumber.ANumber.ANumber

```
graph LR; A[AlphabetNumber.ANumber.ANumber] --> B["AlphabetNumber.Conversion.  
AlphabetNumberToBigInteger"]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The first box on the left is gray and contains the text 'AlphabetNumber.ANumber.ANumber'. A blue arrow points from the right side of this box to the left side of the second box. The second box on the right is white with a black border and contains two lines of text: 'AlphabetNumber.Conversion.' and 'AlphabetNumberToBigInteger'.
